Dear Antoinette,

Thank you for taking the time to join me in Missoula for the Montana High Tech Jobs Summit. Thank you for participating on the Cyber Crime and Intellectual Property Theft: How to Protect Yourself, Your Company and Your Family Panel. It was a day filled with great discussions and speakers who have an interest in Montana's growing high tech community. Over 600 Montanans walked through the doors of the University Center to participate. There's no doubt the speakers and issues we covered left an impression on all those who attended.

The future is technology and that future is here. Technology has removed geography as a barrier to doing business in Montana and our best recruiting efforts are all around us. In Montana, you can have a high-paying job without giving up fly-fishing, hiking and hunting. You can work where you play.

Thank you again for your commitment to leading the discussion on high tech jobs in Montana. I look forward to continuing to work with you and to seeing you in 2019 at the next Montana High Tech Jobs Summit.

Sincerely,

Steve Daines
United States Senator
